

COMPANY  
**PROFILE**  
**2023**

## About Us

Finfor (Pty) Ltd strives to provide our clients and individuals alike with turnkey solutions to their agriculture and forestry requirements. Being a Level 1 BEE and BWO company in the Agricultural industry we have successfully joined forces with numerous Agricultural chemical and implement suppliers and have forged a reputation unlike any other for our service and impeccable understanding of the industry and what clients need.

With enthusiasm, gusto and knowledge we tailor a specialised vegetation management solution because we understand that no two farms are alike. From your vegetation management solutions, to your implement requirements we will always strive to provide the best!

## Our Client Base

Finfor (Pty) Ltd has a broad client base with clients in several agricultural sectors.

1. **Forestry** - Small, medium and large scale farmers
2. **Sugar cane** - small, medium and large scale growers
3. **Macadamia** - small and medium growers
4. **Fruit and vegetable** - small, medium and large growers

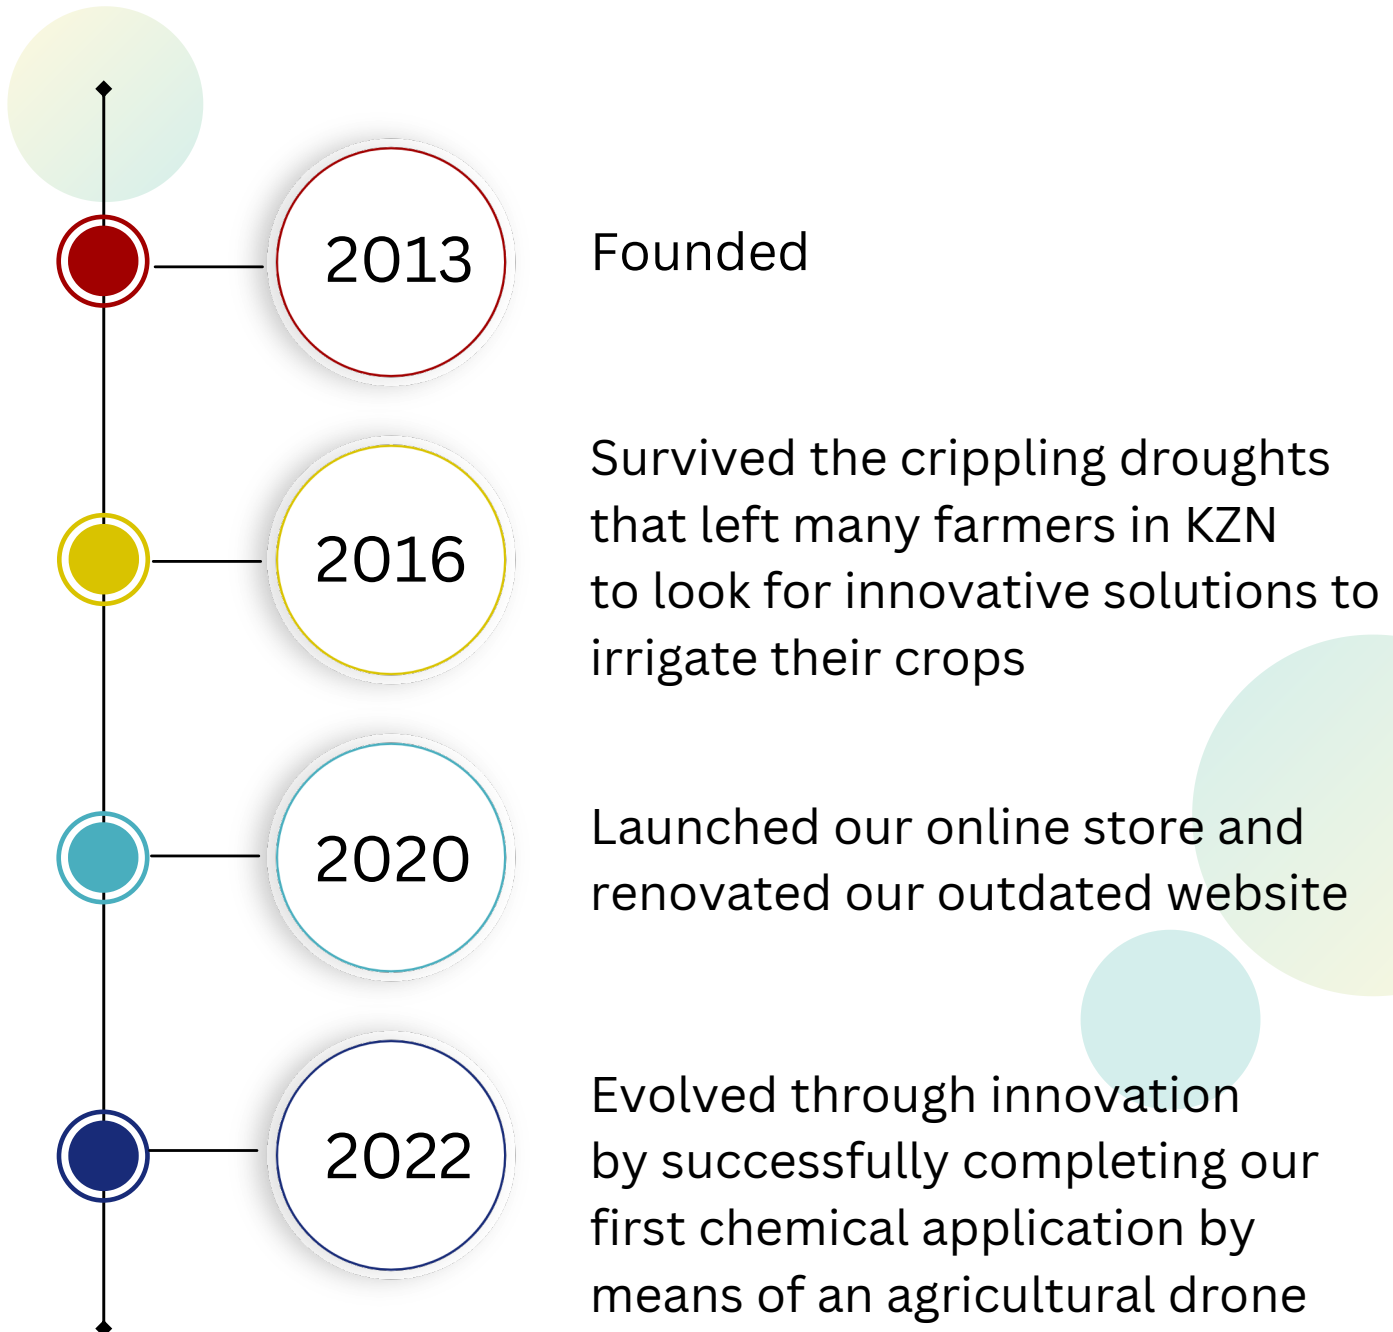

Within these sectors we supply more than one global enterprise with their agricultural requirements for both chemicals and implements alike.

## Our services

We offer a wide range of services for our client base, listed below are a few of our frequent services rendered to our clients.

1. Bespoke agricultural spray programs
2. Water and Soil sampling
3. Implement calibration
4. Chemical store and the implementation of health and safety measures
